A Notice of Noncompliance & Opportunity to Show Cause letter will be issued to Project Development Group, Inc. of Export, PA, for violations of the NESHAP notification regulations. Specifically, the notification for the asbestos abatement scheduled for November 21, 2002 to December 20, 2002 needed to be postmarked by November 7, 2002, to fulfill the NESHAP 10-Day requirement; however, it was postmarked on November 13, 2002. As a result, EPA received the notification seven (7) working days before the start date of the asbestos abatement activities. Therefore, the company is in violation of 40 C.F.R. 61.145(b)(3)(i).
